

COMPANY PROFILE

FIDUCIA

WORLD LOGISTICS

Connecting markets with Trust.

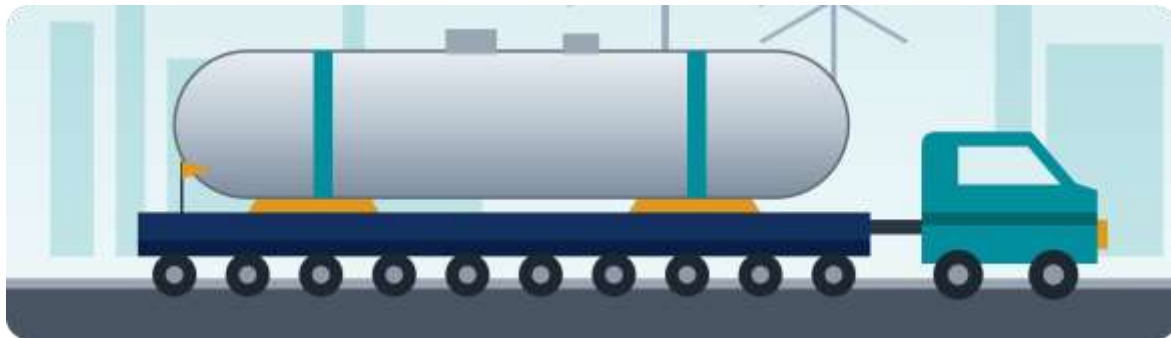

Sea Freight • Break Bulk • Air Freight • Project Logistics •
Heavy Lift & ODC/OOG

FIDUCIA WORLD LOGISTICS

Fiducia comes from the Latin word for trust and confidence, and it is the promise behind everything we move. Fiducia World Logistics is a project logistics provider and international freight forwarder for the companies that build, power and supply economies: EPC contractors, OEMs, international material traders, exporters and importers across cement, steel, oil & gas, energy and infrastructure.

We specialise in the cargo others find difficult: out-of-gauge machinery, heavy lifts, break bulk and time-critical project shipments, alongside dependable container and air freight. With our own offices in India and Dubai, sister offices in Türkiye and Nigeria, and a strong agent network in every major trading country, our teams engineer the route, secure the space and stay accountable until delivery.

Vision

To be the most trusted name in project logistics and freight forwarding: the partner industry calls first when the cargo is critical.

Mission

To move our customers' cargo safely, on time and on budget through engineered solutions, responsive service and a global network built on long-term relationships.

Values — T.R.U.S.T.

Trust We keep our word and own the outcome.

Responsiveness Fast answers, proactive updates.

Uncompromising safety People, cargo and environment first.

Specialist expertise Every move is planned, not improvised.

Transparency Honest pricing and honest timelines.

LEADERSHIP & EXPERTISE

Your cargo is handled by senior, hands-on people. Decades of experience in shipping, chartering and freight, and the relationships built along the way, go into every shipment we plan.

SK

Capt. Shravan Kumar
Chief Executive Officer

- ◆ 30+ years in global shipping, fleet management, offshore logistics and maritime regulatory affairs
- ◆ Three decades of sea-going command and shore leadership across India, Singapore and the UAE
- ◆ Advises government boards and maritime development authorities on ports, fleet modernisation and policy
- ◆ Wide network among shipowners, offshore operators and maritime authorities: direct insight into tonnage, ports and vessel suitability for break bulk and project moves

AS

Abhinav Sinha
VP Commercial – Sea Freight & Project Cargo

- ◆ 23+ years in shipping and logistics across multinational shipping lines, freight forwarders and project logistics companies
- ◆ Former marine officer with a full-time MBA
- ◆ Veteran in the commercial handling of container, break bulk, bulk and project cargo shipments
- ◆ Long-standing relationships with carriers, vessel owners and partners across these segments

AM

Arun Moolya
GM Operations – Sea, Air & Project Cargo

- ◆ 18+ years in shipping and logistics across multinational freight forwarding and project logistics companies
- ◆ Veteran in the operations of container, air freight, break bulk and project cargo shipments
- ◆ Hands-on execution from booking and documentation through to final delivery
- ◆ Strong working network with carriers, airlines, terminals and service partners

Senior attention on every shipment, and a network of carriers, owners and agents built over decades.

WHO WE SERVE & WHY FIDUCIA

INDUSTRIES WE SERVE

EPC Contractors

OEMs & Capital Equipment

International Material Traders

Exporters & Importers

Cement

Steel & Metals

Oil & Gas

Energy & Power

Infrastructure

Cargo we move every day

Project packages · heavy-lift and ODC units · steel coils, plates and pipes · cement and clinker · machinery and spares · containerised general cargo · urgent air shipments

WHY FIDUCIA

Responsive

One point of contact, fast quotations and proactive milestone updates from people who know your cargo.

Trustworthy

Transparent pricing, realistic timelines and full accountability from pick-up to final delivery.

Deep expertise

Project specialists who plan stowage, lashing, lifting and route surveys for every out-of-gauge move.

Global reach

Offices in India and Dubai, sister offices in Türkiye and Nigeria, and agents in every major trading country.

OUR SERVICES

We focus on what we do best: sea freight for containers and break bulk, air freight for any cargo, and the project, heavy-lift and out-of-gauge moves that demand real expertise, supported by customs clearance and inland transport.

CORE SPECIALISMS

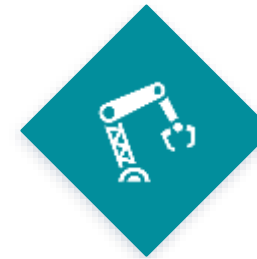

**Sea Freight –
Containers**

**Break Bulk &
Chartering**

**Air Freight –
Any Cargo**

**Project
Logistics**

**Heavy Lift &
ODC / OOG**

SUPPORTING SERVICES

**Customs
Clearance**

**Inland Transport –
Road, Rail & Water**

**NVOCC
Operations**

**International
Freight Forwarding**

SEA FREIGHT — CONTAINERS

Our ocean freight desk takes time to understand your supply chain, then secures the space, schedule, frequency and rate that fit your objectives. Through strong carrier relationships and our agent network, we keep containers moving reliably, from a single LCL consignment to a sustained FCL programme.

- ◆ FCL and LCL services on all major trade lanes
- ◆ Special equipment: flat racks, open tops, platforms, reefers and high cubes
- ◆ Out-of-gauge cargo on flat racks and open tops, with lashing and securing plans
- ◆ Buyer's consolidation and LCL consolidation
- ◆ Port-to-port, door-to-door, DAP and DDP solutions
- ◆ Dangerous goods handled with full IMDG documentation
- ◆ NVOCC operations and house bill of lading
- ◆ Space allocation support in peak seasons
- ◆ Shipment tracking with proactive milestone updates

EQUIPMENT WE ARRANGE

20' / 40' GP

40' High Cube

Flat Rack

Open Top

Platform / FB

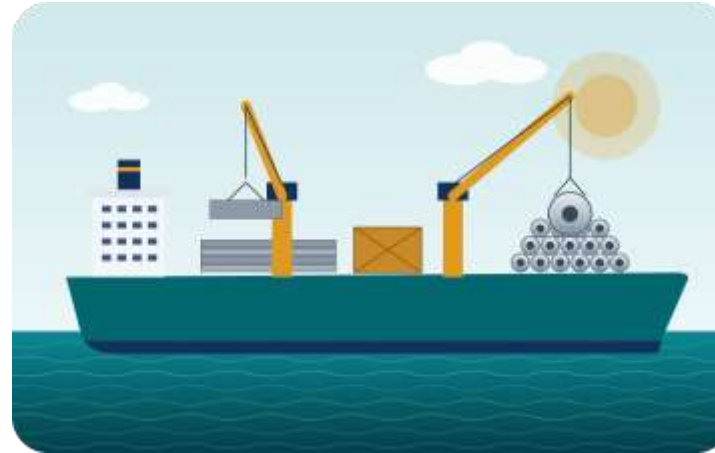

Reefer

BREAK BULK & CHARTERING

When cargo is too large, too heavy or too long for a container, we move it as break bulk. We source the right tonnage, whether liner break bulk, multipurpose and heavy-lift vessels or full and part charters, and manage stowage, lashing, port handling and documentation end to end.

- ◆ Liner break bulk and conventional services
- ◆ Full and part vessel charters for project and bulk cargo
- ◆ Multipurpose and heavy-lift vessels with ship's gear
- ◆ Ro-Ro for rolling and tracked equipment
- ◆ Stowage planning, lashing & securing and marine surveys
- ◆ Port captaincy and supervision at load and discharge
- ◆ Barge and coastal movements to and from project jetties

Too heavy, too long or too awkward for a box?
That is exactly the cargo we are built for.

CARGO WE HANDLE

Steel coils, plates & beams

Pipes & rails

Structures & modules

Machinery, Tanks & Pressure Vessels

Cement, clinker & bagged cargo

Rolling stock & vehicles

HOW WE EXECUTE A BREAK BULK SHIPMENT

PROJECT LOGISTICS & HEAVY LIFT

Project cargo is where Fiducia's expertise shows. For EPCs, OEMs and plant owners we plan and execute the complete movement of project packages, from factory floor to foundation, coordinating ocean, air and inland transport, heavy-lift equipment, permits and site delivery under one accountable team.

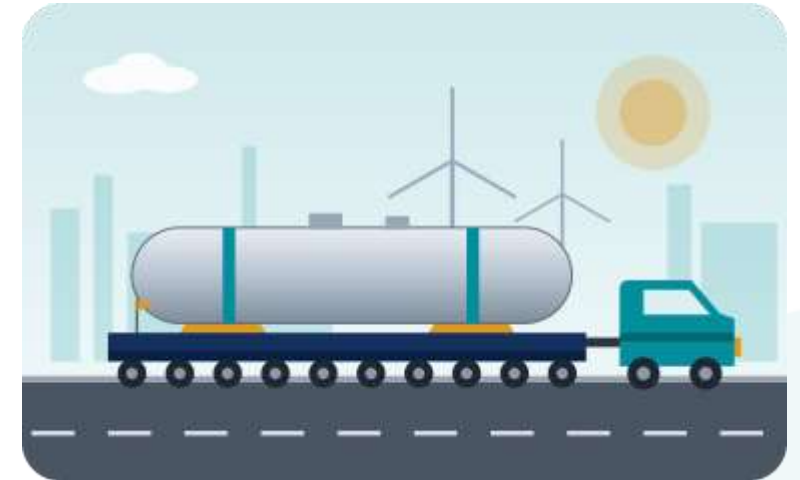

Project Logistics

- ◆ Feasibility studies, route surveys and logistics planning
- ◆ Vendor coordination across multiple origins
- ◆ Consolidation of project packages and milestone scheduling
- ◆ Single-window control of freight, customs and site delivery
- ◆ Dedicated project manager and regular progress reports

Heavy Lift & ODC / OOG

- ◆ ODC and over-weight cargo by road, sea and barge
- ◆ Hydraulic modular trailers, low-beds and SPMT coordination
- ◆ Crane, jacking and skidding coordination with lift plans
- ◆ Route surveys, bridge studies and statutory permissions
- ◆ Escort and authority liaison for every ODC move

TYPICAL CARGO WE MOVE

Transformers

Reactors & columns

Boilers & HRSGs

Turbines & generators

Wind blades & towers

Kiln shells & mills

Rolling-mill equipment

Bridge girders

Modules & skids

AIR FREIGHT — ANY CARGO, ANYWHERE

From documents and samples to oversized machinery, we move any commodity by air. Whether it is an urgent spare that keeps a plant running or a heavy consignment that needs a freighter, our specialists choose the right service for speed, space and cost, and stay with it until delivery.

- ◆ General cargo, consolidated and back-to-back services
- ◆ Time-critical spares for plants and project sites, including AOG
- ◆ Oversized and heavy cargo on main-deck freighters
- ◆ Dangerous goods handled in line with IATA DGR
- ◆ Airport-to-airport and door-to-door, with customs at both ends
- ◆ Tie-ups with leading airlines and partner agents worldwide
- ◆ Proactive status updates until delivery

Express & Consolidation

Scheduled services for regular and urgent shipments.

Charter & On-Board Courier

Full, part and OBC solutions when every hour counts.

Sea-Air

A balance of transit time and cost for high-value cargo.

CUSTOMS CLEARANCE & INLAND TRANSPORT

Customs Clearance

- ◆ Import and export clearance at major Indian ports, ICDs and air cargo complexes
- ◆ HS classification, duty assessment and advisory
- ◆ Project import registration and finalisation (CTH 9801)
- ◆ Export-promotion scheme documentation (EPCG, Advance Authorisation)
- ◆ Bonded movement and transshipment

Inland Transport – Road, Rail & Water

- ◆ FTL / PTL trucking and container haulage
- ◆ Rail, coastal and inland-waterway movements
- ◆ ODC road transport with permits and escorts
- ◆ Port-to-site delivery for project cargo
- ◆ Milestone tracking from pick-up to delivery

OUR NETWORK

Supported by a strong worldwide agent network across every major trading country.
